FOREIGN MANUFACTURING CERTIFICATION SCHEME (ISI MARK)

- **Foreign Manufacturers Certification Scheme {FMCS}**: The foreign manufacturers, who are having their factory location outside India, can apply under FMCS.

Features of FMCS different from Indian manufacturers are as follows:

- Applicant has to submit application form and other requisite documents in duplicate.
- All foreign manufacturers are considered as 'Large Scale' as per FMCS norms
- The applicant have to nominate an Authorized Indian Representative{AIR} for its operation of BIS license

PROCEDURE TO GET FMCS CERTIFICATION

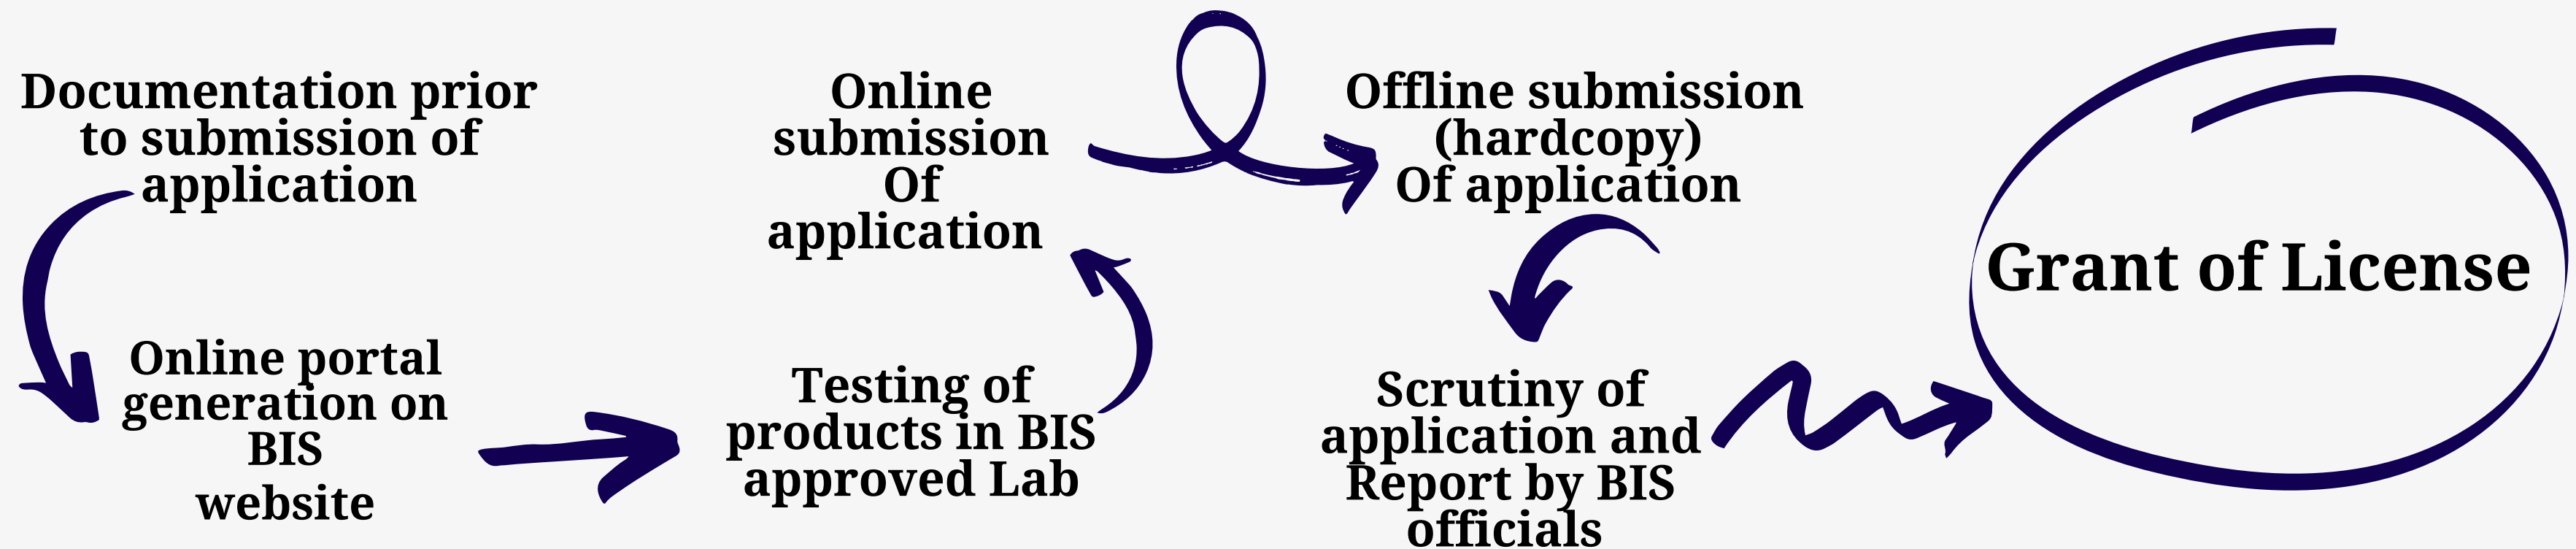

COMPULSORY REGISTRATION SCHEME

Ministry of Electronics & Information Technology {MEITY} has notified "Electronics and Information Technology Goods {Requirement for Compulsory Registration} Order, 2012" on 3rd Oct 2012 for electronic items. Bureau of Indian Standards {BIS} then registers the manufacturers under its registration scheme who are permitted to declare that their articles conform to the Indian Standard(s).

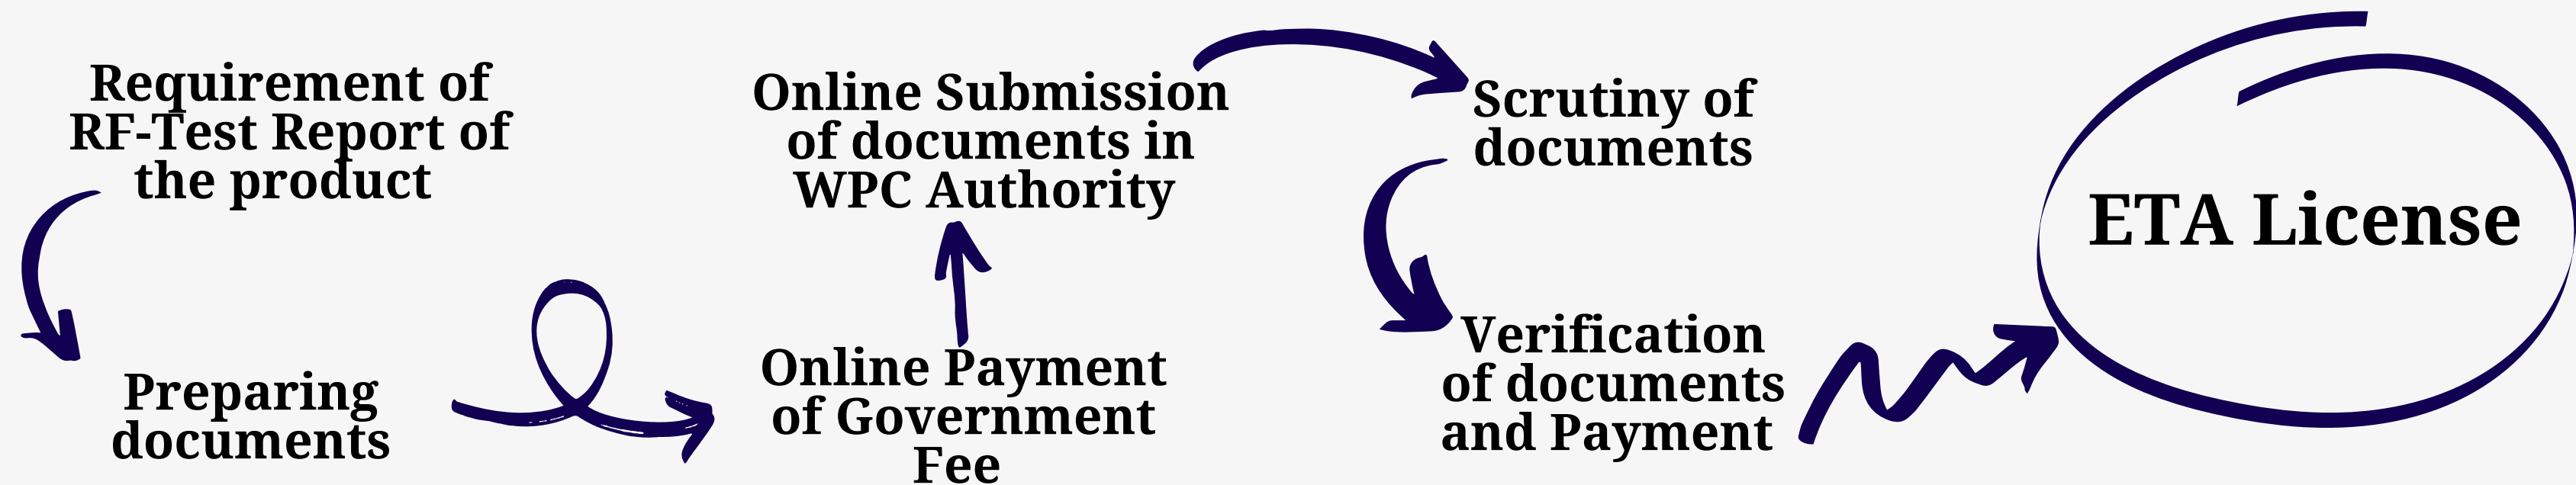

SIMPLIFIED PROCESS TO GET COMPULSORY REGISTRATION SCHEME

Products with radio and/or wireless functionalities which are imported or manufactured and marketed in India must have an equipment type approval (ETA) certificate from the Wireless Planning and Coordination (WPC) wing of the Ministry of Communications of the government of India. This includes products with Bluetooth, wireless local area network access technology (WiFi), small digital radios (Zigbee), and radio frequency identification (RFID) among others.

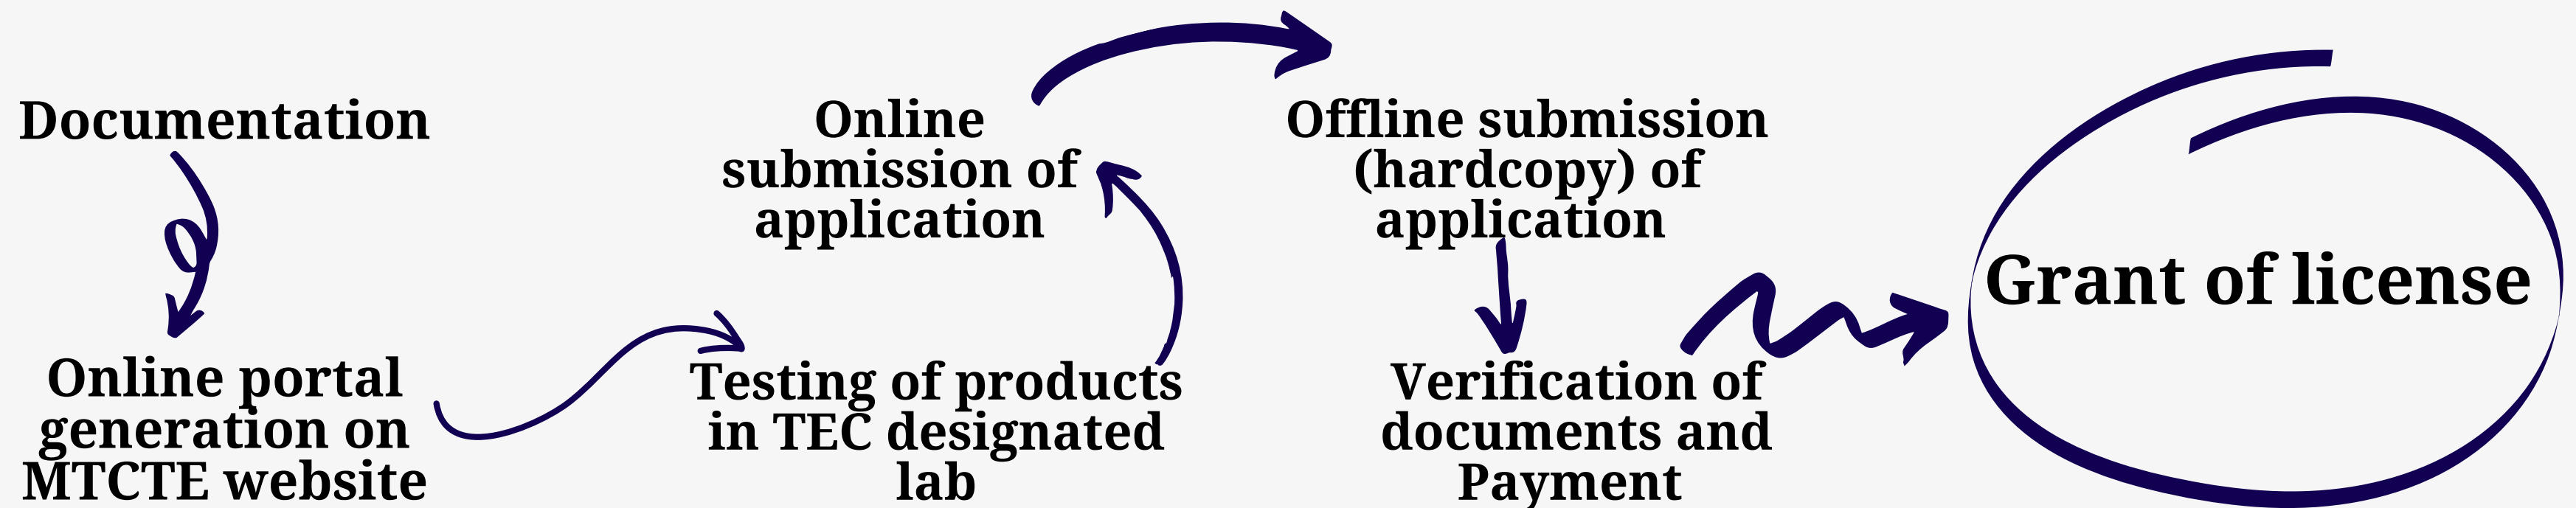

We assist in testing such products as per the European Telecommunications Standards Institute (ETSI, Europe) and Federal Communications Commission (FCC, US) standards. Our authorized agents connect applicants with local representative support and assist them in obtaining ETA certification. We support you in completing the required documentation for filing an application at the WPC.

PROCEDURE TO GET WPS-ETA

TEC stands for Telecommunication Engineering Centre. TEC facilitates Department of Telecommunications, Government of India in drafting and implementing various standards and policies for safe and secure use of emerging technologies in telecommunications. TEC had released specifications for the quality measures for the telecom equipments. These specifications can be categorized as Generic Requirements (GRs), Interface Requirements (IRs) and Service Requirements (SR). TEC is responsible to issue various approvals such as Interface Approvals, Certificate of Approvals, Service Approvals & Type Approvals.

SIMPLIFIED PROCESS TO GET TEC APPROVAL

BEE issues Star Label Registration Certificate after examination of product's performance rating. The objectives of Standards & Labeling Program is to provide the consumer an informed choice about the energy saving and thereby the cost saving potential of the marketed household and other equipment. This is expected to impact the energy savings in the medium and long run while at the same time it will position domestic industry to compete in such markets where norms for energy efficiency are mandatory.

PROCEDURE TO GET BEE REGISTRATION

Stage 1: Brand registration with BEE

- **Documentation**
- **Online Submission of application**
- **Offline Submission of application**
- **Scrutiny of documents**
- **Grant of Login Credential**

Stage 2: Models Registration

- **Documentation**
